Weight - 50g

Warranty - 1 year return to base warranty

The TabRack is an incredibly neat way of charging a whole host of devices. The simple, stylish design hides a host of features that allow you to store and charge pretty much anything...including plugged in laptops.

USB charging provides sync and charge for up to 5 devices using smart charge technology to deliver the optimum charge to each device... whatever it is...a phone...a camera... anything with USB can be charged and the built-in rack slots allow you to neatly store the devices whilst charging.

Two mains charge plug ports (UK, US, Europe and Australia) for laptops or other larger devices. All of this from a small, discreet unit that only requires one mains input.
